Description of Emblem

The emblem of the University has four salient images depicted in it: The red triangle with its apex pointing up, the bow, the arrow and the entwined snakes.

The triangle with the arrow underscores the Mission of the University: viz, to merge the three enduring objectives – Education, Healthcare and Research – represented by its three sides into a harmonized whole and hold it launched boldly up into the future. The arrow in addition, stands for the wand of Hermes (or the staff of Asclepius) and with the two entwined snakes represents the Caduceus, which has been traditionally used as the symbol of the medical profession. Uniquely, the bow here adds dynamism and a further dimension to the theme as it holds the arrow poised with its focus into posterity.

Motto

**Sky scale Advancing Education
Disease-alleviating Healthcare Innovation
Translatable Research Continuum**

கோட்பாடு

**வானுற வளர் கல்வி
நோயற மக்கள் நலன்
வளமுற தொடர் ஆய்வு**

The Vision

“To offer diverse educational programmes that facilitate the development of competent professionals and valuable citizens, who demonstrate excellence in the respective disciplines, while being locally and globally responsive in areas of education, healthcare delivery and research”.

The Mission

Sri Ramachandra Institute of Higher Education and Research(DU) will actively promote and preserve the higher values and ethics in education, health care and research and will pursue excellence in all these areas while consciously meeting the expectations of the people it serves without prejudice and in all fairness stay socially meaningful in its propagation of the various arts and sciences to enrich humanity at large.

Message from the Chancellor

Dear Students

This University offers an excellent ambience for your education and all round development. Keeping you in mind more and more new programmes have been started in the past year, which offer you ample opportunities for employment and higher studies. Competency based programmes are progressively adopted across faculties. The starting of a Faculty of Engineering and Technology to offer programs in the latest fields of Computer Sciences and Technology marks a major and significant initiative by the University for meeting societal and industry needs.

I am happy to note that the placement record of our students has been steadily improving over the years with more reputed companies, hospitals, research organizations, IT industry recruiting through our Placement Office. Students who excel in their studies and who perform well in the selection process can certainly look forward to a rewarding career.

I am glad to state that these significant achievements have led the University to be ranked 47th among all Universities by the MHRD-NIRF Ranking 2021, while Sri Ramachandra Medical College and Research Institute was ranked 14th, Sri Ramachandra Faculty of Dental Sciences was ranked 8th and the Faculty of Pharmacy was placed at the 21st rank.

The Deemed University has also achieved the unique distinction of accreditation by NAAC 3rd cycle with the possible highest grade of A⁺⁺ with CGPA of 3.53 on a 4-point scale. Further, the 'India Today Annual Survey of Best Colleges in India-2021' has ranked Sri Ramachandra Medical College and Research Institute at the 6th among all private medical colleges in India. I take this opportunity to congratulate the students, faculty and staff on these excellent achievements.

On the academic front, so much has shifted in the last two academic years and our faculty members have put in their best efforts to acclimatize to a new way of imparting education, though many challenges were posed during the pandemic. Above all, the pandemic has spotlighted the need for offering a consistent learning environment of onsite and online mode of teaching and a blended learning environment is vital for driving an inclusive

student experience, allowing students to access knowledge and skills in a way that works best for them around their individual needs. We record our appreciation that our faculty members have adapted successfully to the changing needs most admirably.

On this occasion, we must acknowledge the selfless service, dedication, determination of our frontline Corona warriors - doctors, nurses, technicians, transporters, EMTs, pharmacists and other staff, during the overwhelming second wave of Covid-19 pandemic, who have saved many valuable lives. They richly deserve our deepest gratitude and accolades for their true grit and courage. The post Covid-19 clinical services that has started functioning in full vigour, speaks volumes of their true concern for our patients.

At this juncture, all that I ask of the faculty, students and staff is their continued vigil without let or hindrance against the Covid-19 pandemic and observing all the Covid-19 guidelines. No doubt, the academic year 2021-22 will face enormous challenges due to Covid-19 pandemic and its impact, direct or indirect, on academic and other related activities. I expect all of you to rise to the occasion and march relentlessly towards achieving excellence in education, health care and research.

My best wishes to you all.

V. R. VENKATAACHALAM

Message from the Pro-Chancellor

Dear Students,

SRIHER is a vibrant and exciting place, recognized as a premier centre and is at the forefront of global development in higher education. Enduring as a leading student-centric institution, acclaimed for its contribution to teaching, research & healthcare, our prime goal is to provide value added education on par with the standards of exceptional educational institutes across the world.

Being sought after by students and principal educators across the country and the globe, the University offers advanced academic programs with emphasis on practical and evidence-based learning, thereby creating a conducive environment for gaining knowledge and skills. Our teaching learning methods are interactive, supportive, challenging and more rewarding for our students and provide great opportunities to enhance their talents further. We have incorporated online and digital enhancements to our curricula creating an academic environment wherein all our students and faculty maximally use their potential and are confident to explore new prospects and confront emerging challenges, including those posed by the pandemic.

Besides imparting knowledge through quality education, we also encourage other activities like sports, debates, NSS, NCC and developing all other human qualities with the highest endeavor of our qualified faculty.

Our university aims at disseminating quality education conforming to global standards and also engages students in active research experience. All the faculty relentlessly work on preparing the generation next with the professional soft skills like communication and interpersonal skills that qualify them to become global leaders and valuable citizens in the years to come. A research-based education also enables our students to develop as independent learners with the inquisitiveness and drive to continue life long learning.

The campus is in the lap of nature with the most exquisite landscape and includes everything you would ever need and want. Our university is recognized as “DISTRICT

GREEN CHAMPION” for Chennai district for the academic year 2020-21 by the Ministry of Education, Government of India which stands testimony to our lush green campus with all added facilities. Students can enjoy the enriched library, hygienic cafeteria; world class sports facilities and a host of other facilities within the campus. We are in the process of expanding our infrastructure and provide facilities of more and more innovative job oriented programmes.

I invite all to join us in nurturing a peaceful, enthralling atmosphere at the University campus and contribute enthusiastically to enhance the University with your intellectual resources and create cherished memories.

Best Wishes.

R. V. SENGUTUVAN

Message from the Vice-Chancellor

Dear Students

Sri Ramachandra Institute of Higher Education and Research, continues to make important contribution in the field of higher education, research and healthcare. The University is now in its 28th year since inception and has progressed to be one of the 'High-ranked' universities in the country. We continue to focus on expanding infrastructure, use advanced technology for teaching-learning, provide the state-of-the-art healthcare and encourage excellence in research. The contribution of the quality human resources to the growth of the university cannot be emphasised enough. The university acknowledges its social and national responsibilities by involving the stake holders of the nation in its ventures.

Despite the challenges of the pandemic, SRIHER has remained undeterred in the quest for quality sustenance and improvement across all activities. The efforts to adapt to virtual and interactive methods of teaching and conduct of examinations and innovative methods of healthcare are testimony to the commitment to excellence.

We are grateful to our Chancellor & Pro-Chancellor for their inspiring leadership and unstinted support. I commend our management, faculty, staff and students for their extraordinary dedication. We will continue to focus on meeting imminent challenges expeditiously. While we take pride in our accomplishment, we rededicate ourselves to serve society with profound commitment. Let us take this opportunity to build a better world together.

Stay safe and healthy!

Best Wishes

P.V. VIJAYARAGHAVAN

Welcome Address and Vice-Chancellor's report
by
Dr. P.V. Vijayaraghavan
Vice-Chancellor
at the
33rd Convocation held on the 10th December, 2021

Respected Chancellor Thiru. V.R. Venkataachalam, Esteemed Chief Guest, Hon'ble Governor of Tamil Nadu, Thiru. R.N. Ravi, Respected Pro-Chancellor, Thiru. R.V. Sengutuvan, Trustees of Sri Ramachandra Educational & Health Trust, former Vice-Chancellors, Members of the Board of Management and Academic Council, Distinguished Dignitaries on and off the dais, Invitees, Members of the Media, parents and my dear Graduands!

I am very happy to extend a warm welcome to you all to the 33rd Convocation of Sri Ramachandra Institute of Higher Education and Research and I thank you for your presence. It is also my privilege to extend a warm welcome to our distinguished Chief Guest, Thiru. R.N. Ravi, Hon'ble Governor of Tamil Nadu, who has graciously consented to honour us by his august presence and to address the graduates at this Convocation.

On this important occasion, we pay our homage to the Founder-Chancellor, Thiru. N.P.V. Ramasamy Udayar, fondly and respectfully called Ayya by the Ramachandra Family, whose 86th birth anniversary was celebrated on 19th September. At the forefront of his vision, lay Ayya's relentless quest to ensure delivery of the much needed high quality health care and education to the people living in this part of the country. While we hold him within our hearts to guide us through our lives, we pledge to remain unwavering in our commitment to live by his ideals and values.

The University has been steadily growing in all its facets under the dynamic leadership of our Chancellor, Thiru. V.R. Venkataachalam. His leadership and determination have propelled SRIHER to attain many milestones rapidly. Most importantly, his philanthropic pursuits continue to comfort the lives of countless people in education and healthcare, across various sections of society. Under his inspiring leadership, the doctors, nurses and staff at the hospital, students and faculty at the University could successfully overcome the challenges posed by the Covid-19 pandemic both at the healthcare and educational fronts. There is no denying the fact that his leadership and prudent management of finances saw the institution emerging unscathed during the pandemic. All the financial commitments were duly met in spite of substantial reduction in revenue, with full retention of staff.

On behalf of all present here, I extend a warm welcome to our respected Chancellor, Thiru. V.R. Venkataachalam.

Now, it is my privilege to extend a cordial welcome to our distinguished Chief Guest, Thiru. R.N. Ravi, Hon'ble Governor of Tamil Nadu. I also have the pleasant duty of introducing our esteemed Chief Guest.

Thiru. Ravindra Narayan Ravi was born at Patna in Bihar. He did his Masters in Physics in 1974, and after a brief stint in journalism, he joined the Indian Police Service in 1976 and was allotted to the Kerala Cadre. He served in Kerala in various capacities including Districts for over a decade and then in different parts of the country in various capacities. While serving in the Central Bureau of Investigation (CBI), he led several anti-corruption crusades against organised criminal gangs including the mining mafias in the country.

While in the Intelligence Bureau (IB), Ministry of Home Affairs, Government of India, the premier intelligence agency of the country, he served largely in theatres of insurgencies and violence including in the Jammu & Kashmir, the North East and the Maoist infected regions. He also specialised in the dynamics of human migration in South Asia and worked extensively on the political sociology of border population.

He has played crucial roles in conflict resolutions in areas affected with ethnic insurgencies and brought several armed rebel groups into peace. He was the architect of India's international cooperation in counter terrorism and intelligence sharing.

After retirement from Government service in 2012, he wrote regular columns in national dailies. He was appointed as the Chairman of Joint Intelligence Committee in the Prime Minister's Office, where as the Head of the Intelligence Community, he co-ordinated and guided the agencies to meet the National Security needs of the Country.

He was appointed as the Centre's Interlocutor for the Naga peace talks in August 2014. Within a short time he could achieve a paradigm shift in the peace process by bringing the issue from abroad to the land and its people and made it truly inclusive by making the genuine stakeholders integral to it. Soon all the rebel armed groups signed agreements for a settlement of the seven decades old separatist insurgency within the Indian Union and the ambit of the Constitution of India, which could usher peace in Nagaland and the rest of the North-East India. He was appointed as Deputy National Security Advisor in October 2018.

Later, he served as the Governor of Nagaland from 1st August, 2019 till 16th September, 2021. He has been appointed as the Governor of Tamil Nadu by the Hon'ble President of India and assumed the office as 26th Governor of Tamil Nadu on 18th September, 2021.

I once again extend a cordial welcome to the Chief Guest on behalf of the Chancellor, Pro-Chancellor, Faculty, Staff of Sri Ramachandra Institute of Higher Education and Research and on my own behalf.

We feel extremely privileged to have with us Thiru. R.V. Sengutuvan, our young and dynamic Pro-Chancellor, who has consistently pursued the objective of offering novel programmes with concomitant expansion of the necessary infrastructure. We are grateful to him for constantly motivating and encouraging us to innovate, experiment and offer new initiatives which include the establishment of the Faculty of Engineering and Technology and the rejuvenation of the Faculty of Management Sciences. Thanks to his initiative and efforts, during the past two years, the University has been able to offer 17 new programs. I am very happy to extend a warm welcome to our beloved Pro-Chancellor Thiru. R.V. Sengutuvan.

I am also availing of this opportunity to present a brief report on the most important happenings during the last academic year.

Awards and Recognitions:

I am very happy to inform you that

These have been detailed in the annual report

GOVERNANCE AND ADMINISTRATION

SRIHER is functioning effectively with Board of Management, Finance Committee, Planning and Monitoring Board and Academic Council with Government of India nominees besides committees with members drawn from stakeholders like academia, industry, alumni, students and professionals. These bodies facilitate expertise infusion and stakeholders' consultations leading to institutional excellence.

All the constituent faculties are accorded administrative and academic autonomy linked with accountability. A proven case study on decentralisation and participative management is the functioning of the University Development Committee (UDC) and University Advisory and Implementation Council (UAIC) to fast-track implementation of schemes and programmes. Since 2020-21, 11 UDC meetings and 10 UAIC meetings have been conducted and outcomes reviewed.

The full-fledged Internal Quality Assurance Cell has been responsible for many quality initiatives at this university. The IQAC has prepared the documentation for NAAC cycle 3 accreditation and ensured the smooth conduct of the eleven member NAAC peer team visit in January 2021. It has also organized several webinars, collected, collated and submitted data for NIRF Ranking 2021 and for other accreditation and surveys.

Yet another important initiative of the Pro-Chancellor, is the formation of IT and Communication team at SRIHER who ensured seamless processes for various events including 32nd Convocation which was held virtually, and conferences, webinars in addition to development of resources for teaching. The communication team is active in the social media and SRIHER has over 1,35,000 followers. As we speak this convocation is being telecast live.

ACADEMICS

In 2021, eleven undergraduate programs and six postgraduate programs were initiated. In 2020-21, 2,346 students were enrolled, bringing the total student strength to 7,639. 1,801 students are passing out this year.

The Centre for Health Professionals Education, co-ordinates curriculum development, teaching - learning processes, innovations in educational technologies, educational research and quality assurance. The Medical Education Unit of SRMC & RI - MCI Nodal Centre regularly conducted faculty development programs and advance course in medical education for curricular enrichment.

The University Curriculum Committee also facilitated the revision of the electives to be offered through blended mode. The Online Learning Committee conducted LMS training, Blended Learning Courses and video tutorials to train approximately 500 faculty members.

UNIVERSITY EXAMINATION AND QUALITY INITIATIVES IN EXAMINATION PROCESS

In the examinations conducted by the Deemed University in 2020 - '21, the overall pass percentage was 97.72%. The In-house custom built examinations management system was presented as Best Practice to the NAAC cycle 3 Peer Team review.

RESEARCH

Research at SRIHER continues to accrue many milestones. The core areas of research now straddle across the disciplines of Non-Communicable Disease Epidemiology, Medical Genetics & Genomics, Maternal Health, Child Growth & Development, Cancer Biology, Molecular Oncology, Exercise Physiology, Occupational & Environmental Health, Clinical Virology, Radiation Biology, Speech Language & Neurodevelopment, Nursing Care, Drug Development & Discovery, Bio-Materials & Nano-Technology, Stem Cell & Regenerative Biology, Preclinical Toxicology, Public Policy and Health Care Financing and Artificial Intelligence in Healthcare Technology, to name a few.

In 2020-21, we had 638 publications, nearly all of them in indexed journals. The cumulative H-index for the institution now stands at 85 with nearly 78,911 citations to date. Four new patents were filed, 38 patents published and three patents were awarded. More than 60 research projects are being undertaken with extra-mural support with grants totalling nearly Rs.43 crores. Further, nearly Rs.4 crores have been generated through the clinical trials division and the consultancy activities of individual departments. The Department of Environmental Health Engineering completed the field data collection for the flagship research project funded by the US National Institutes of Health and the Bill Melinda Gates Foundation that merited a funding of nearly Rs.22 crores over the last five years. The trial results in India are expected to inform the direct expansion of the Pradhan Mantri Ujjwala Program.

Dr. Vidya Ramkumar from the Dept. of Speech, Language and Hearing Sciences, Dr. Kirthiga from the Faculty of Dental Sciences and Dr. Lakshmi Revathy from the Faculty of Biomedical Sciences, have been selected for the Wellcome-DBT Intermediate Fellowships.

Recently SRIHER has received support from the Biotechnology Industry Research Assistance Council (BIRAC) of DBT, Govt. of India to establish the Sri Ramachandra Innovation Incubation Center (SRIIC), a BioNest incubator to support entrepreneurs engaged in scaling health care technologies. SRIHER is only the second medical institution to merit this recognition.

In order to nurture research aptitude and skills among the undergraduate students of this University, 85 undergraduate students, received the summer research fellowships. 21 Ph.D. students received Founder-Chancellor Research Fellowships and 58 faculty members have received the GATE fellowships 2020-21.

SRI RAMACHANDRA JOURNAL OF HEALTH SCIENCES AND NEWSLETTERS OF UNIVERSITY

Sri Ramachandra Journal of Health Sciences has had a major revision last year. Now, in association with Scientific Scholars, the road map for indexing of the Journal in the near future has been set.

The University has several newsletters through which there is dissemination of various activities of the campus. The flagship newsletter, *Bridges* is the monthly university newsletter is now in its 160th Issue. In addition, Dental imprints, from the faculty of Dental sciences, N-mind from the faculty of Nursing, Insight from the Faculty of Management Sciences and Nexus from Faculty of Pharmacy are some specialty related newsletters that are published regularly.

FUTURE VISION

Sri Ramachandra has always looked ahead to the future and recently approved the 2040 vision document which aligns the vision and mission of the University to the National Education Policy 2020, National priorities and Sustainable Development Goals. The vision document clearly articulates the immediate, medium, long term and end term goals through mission mode activities. Using this framework, we hope to become not only a multi-disciplinary university but also a world ranked university.

In the past one year, we have met the challenges caused by the Covid pandemic to the delivery of healthcare services and education with innovative educational initiatives, inclusion of Tele-Technology due to the untiring efforts of our faculty and staff. We are confident that with the continued inspiration and leadership of our Chancellor and Pro-Chancellor, we will not only achieve our stated goals of becoming world leader in education, healthcare and research but also continue to serve all those who seek our services with humility, commitment and dedication.

May I take this opportunity to thank the Chancellor, Pro-Chancellor, University officials, faculty, students and staff for their continuous dedicated service in these extra-ordinary challenging times.

I welcome you all once again and thank you very much for your attention.

May I request the respected Chancellor to declare open the 33rd Convocation of Sri Ramachandra Institute of Higher Education and Research, Deemed University.

INFORMATION TECHNOLOGY & COMMUNICATION

The IT and Communication team at Sri Ramachandra Institute of Higher Education and Research is constantly upgrading its facilities offered to our students and faculties. In the last year, the IT and Communication team has continued to provide enhanced ITC support for teaching, health care, research and administration as the university adapted to the impact of the pandemic. Several upgrades in hardware were made to enhance software developments. The communication team has ensured a seamless process for various events including virtual convocation, conferences, webinars. Further development of resources for teaching and enhancing SRIHER presence in the social media. Some of the significant achievements are listed below.

Hardware and Software development for facilitating effective online communication

- Internet: Increased the internet bandwidth in the university campus
- Wi-Fi campus: Wi-Fi devices have been installed across the university campus.
- SRIHER Mobile App with new User Interface Features in both Android and IOS.
- Ph.D online entrance examinations was conducted through Proctoring service.
- Online teaching platform was enhanced by interfacing Moodle's with G-suite enterprise version and access in Mobile app.
- Video/tele consultation service for patients to avail remote consultation
- Online Fee payment automation for the students to pay Exam Fee, Tuition fee, etc.
- All employee level training are done in online mode/virtual through our digicampus solution
- Automated the submission of all department level activities to IQAC
- Contractor Management System with advance features like contractor employee face recognition attendance introduced.
- Implemented Online Chemical Monitoring system throughout the campus.
- Interfaced Lab Analyzer with LIMS
- Automated the work order, Indent and the purchase management.
- Library website with dashboard to visualize all information in single page

Communication Team:

The institution also has a recording studio where facilities such as video and audio recording and editing are available. The studio is equipped with a video camera and a control room which provides a professional working environment for the faculty as well as the students.

- Virtual Convocation and more than 8600+ viewed in YouTube

UNIVERSITY EXAMINATIONS AND RELATED ACTIVITIES

In the examinations conducted by the Deemed University in 2020-21, the overall pass percentage was 97.72%. The indigenously developed examinations management system was presented as Best Practice to the NAAC cycle 3 Peer Team review in January 2021. Examination standing committee and sub committees have provided oversight and given recommendations on all examination related activities.

In the last year several initiatives were initiated and have now been internalized as regular practices, these include:

- Online submission of post graduate dissertation / thesis
- Approval of web based online valuation of theory answer scripts
- Online proctored Ph.D. entrance exam
- Ph.D. public viva voce using online platform (Gotowebinar)
- Online University examinations for the general elective courses
- E-Sanad, an initiative of The Ministry of External Affairs - for online attestation of documents
- DigiLocker, as per the directives of UGC - for upload of Degree certificates

1.	Establishment and capacity building for rapid radiation triage and dose estimation using gene expression biomarker	Dr.P.Venkatachalam Dr.TeenaKoshy, Human Genetic Dr.SatishSrinivas, Radiation Oncology Dr.P.M.VenkataSai, Radiology	AERB	21.12.2020 & 2 years	ongoing	28.95	Dr.VenkateswarluR aavi, Asst. Professor, Dept. of Cell Biology and Molecular Genetics, SDUAHER, Kolar, Karnataka
2.	Modulating post translational modification of the oncogenic signaling kinase p21-activated kinase-1	Dr.Ganesh V., Human Genetics Dr.S.Gouthaman, Surgical Oncology	BRNS-DAE	30.07.2020 & 3 years	ongoing	56.00	Prof. ArchanaMukerjee, Bhabha Atomic Research Centre, Mumbai
3.	Comparison of Dose response curve for 60 Gamma/ X-ray induced cytogenetic markers (Manual/Automated)	Dr.J.Vijayalakshmi Dr.SolomonF.D.Paul, Human Genetics Dr.SatishSrinivas, Radiation Oncology	DAE-BRNS, Mumbai	06.07.2021 & 3 years	ongoing	32.47	Dr.Shri. Rajesh Chaurasia, Scientific Officer-E, RPAD, Bhabha Atomic Research Centre, Mumbai
4.	Urinary microRNAs as Potential Biomarkers for childhood Nephrotic Syndrome	Dr.C.D.Mohana Priya, Central Research Facility Dr.Vettriselvi V., Human Genetics	DBT, BioCARE	26.04.2019 & 3 years	ongoing	30.15	Nil
5.	Prenatal Exposure to Air Toxics and Adverse Birth Outcome: An Integrated Rural -Urban Mother - Child Prospective Cohort Study	Dr.Naveen, Puttaswamy, Environmental Health Engineering Dr.Vettriselvi V., Human Genetics	ICMR	01.11.2019 & 3 years	ongoing	100.00	Nil
6.	Influence of Clonal Haematopoiesis of Indeterminate Potential (CHIP) in patients with coronary artery disease	Dr.NagendraBoopathy, Cardiology Dr.Vettriselvi V., Human Genetics	ICMR	01.11.2019 & 3 years	ongoing	28.00	Nil
7.	Gall stone disease - A Comparative study unravelling the genetic profile markers of ESR1, ADRB3 and UGT1A1 gene variations with the risk of gall stone disease in North and South Indian patients	Dr.Jayanthi V., Hepatology Dr.Andrea Mary F., Dr.SolomonF.D.Paul, Human Genetics	GATE-Young Faculty Research Grant, SRIHER	19.11.2021 & 1 year	ongoing	1.00	Nil
8.	Identifying hydrogen sulphide role in in vitro model of inflammatory bowel disease.	Dr.SolomonF.D.Paul, Dr.Kavitha T., Human Genetics	DST, New Delhi	27.11.2018 & 3 years	ongoing	29.67	Nil
9.	Standardization and testing of Premature Chromosome Condensation (PCC) assay for radiation triage and dose estimation	Dr.P.Venkatachalam, Dr.SolomonF.D.Paul, Human Genetics	IGCAR, Kalpakka m	05.09.2017 & 3years	Completed	24.98	Dr. S. Chandrasekaran, Head, RSS, IGCAR, Kalpakkam

10.	Design & Screening of novel small molecules as potential inhibitors of the oncogenic signalling kinase PAK1 for Glioblastomamultiforme	Dr.Ganesh V.,Human Genetics Dr.SandhyaSundaram, Pathology	SERB, DST, New Delhi	22.06.2021 & 3 years	Completed	25.85	Prof. K.K. Balasubramanian, IIT Madras
11.	Repurposing of Bacosides Enriched Extract for anticancer activity and Standardization of Combination Index with Calcitriol against Androgen Independent Prostate Cancer (AIPC) Cell lines	Dr.Sumathy, Biomedical Sciences Dr.Sriram, Endocrinology	GATE-Young Faculty Research Grant, SRIHER	19.11.2020 & 1 year	ongoing	1.00	Nil
12.	Investigating the role of DEAD-box helicase, DDX20 in Wnt-driven ROS production in triple-negative breast cancer	Dr.LakshmiRevathi, Prof.ArunDharmarajan, Prof.Natarajan, Biomedical Sciences	SERB-POWER	12.06.2021 & 3 years	ongoing	30.00	Nil
13.	Isolation and characterization of pericytes from neural retina of healthy human cadaver eyes	Dr.K.Kaviarasan, Biomedical Sciences Dr.Mary Thomas, Ophthalmology	GATE-Young Faculty Research Grant, SRIHER	19.11.2020 & 1 year	ongoing	1.00	Nil
14.	Expression of tumor microenvironment stromal markers and its relationship with mTOR in Oral Squamous Cell Carcinoma - A Retrospective Cohort Study	Dr.R.Suganya, Oral Pathology Dr.V.DeepaParvathi, Biomedical Sciences	SERB POWER, New Delhi	18.03.2021 & 3 years	ongoing	28.88	Nil
15.	Neuroprotective effects of a novel phytocompound in adult Zebrafish Traumatic Brain Injury Model (TBI) – Modulating neuroinflammation and neurotransmitter release	Ms.LalithaVaidyanathan, Biomedical Sciences	GATE-Young Faculty Research Grant, SRIHER	19.11.2021 & 1 year	ongoing	1.00	Nil
16.	Production of eco-friendly pigments with antimicrobial potential from actinomycetes using agricultural waste as feedstock and its application in antimicrobial clothing for medical textile industry	Dr.Arun, Biotechnology	Tamil nadu State Council for Higher Education (TANSCH E-RGP)	27.04.2021 & 3 years	ongoing	20.18	Dr.SathyaPriya, Dept. of Environmental Sciences, Bharathiar University, Coimbatore
17.	Evaluation and selection of lipopeptides from Bacillus spp. based on antimicrobial activity against predominant organisms in diabetic foot ulcers.	Dr.Kumar P., Dr.Elavarashi E., Biotechnology	GATE-Young Faculty Research Grant, SRIHER	19.11.2020 & 1 year	ongoing	1.00	Nil

18.	Toxicity and <i>in-vivo</i> efficacy studies of <i>Nilavembukudineer</i>	Dr.V.Gayathri, Centre for Toxicology and Developmental Research	Central Council for Research in Siddha (CCRS), Chennai	23.06.2020 & 1.5 years	-ongoing	36.76	CCRS, Chennai
19.	Pre-clinical safety and efficacy of NunaKaduku & NunaThailam in Venpandai (Vitiligo)	Dr.V.Gayathri, Centre for Toxicology and Developmental Research	Central Council for Research in Siddha (CCRS), Chennai	08.09.2016 & 5 years	ongoing	40.82	CCRS, Chennai

RESEARCH

RESEARCH AT SRIHER

Research at SRIHER continues to accrue many milestones. The core areas of research now straddle across the disciplines of Non-Communicable Disease Epidemiology, Medical Genetics & Genomics, Maternal Health, Child Growth & Development, Cancer Biology, Molecular Oncology, Exercise Physiology, Occupational & Environmental Health, Clinical Virology, Radiation Biology, Speech Language & Neurodevelopment, Nursing Care, Drug Development & Discovery, Bio-Materials & Nano-Technology, Stem Cell & Regenerative Biology, Preclinical Toxicology, Public Policy and Health Care Financing and Artificial Intelligence in Healthcare Technology, to name a few.

A total of 638 publications were made during the period July 2020 to June 2021, with most of them in indexed journals. The cumulative H-index for the institution now stands at 85 with nearly 78,911 citations to date. Some of the high impact factor journals that featured publications by SRIHER faculty include the Journal of American Medical Association, the European Heart Journal, The Lancet Infectious Diseases, JAMA Paediatrics, Redox Biology, JACC-Cardiovascular Interventions, Arthritis & Rheumatology, Movement Disorders, Cell Reports and the Lancet Rheumatology (with impact factors ranging from 8 to 56).

Four new patents filed, 38 patents published and three patents awarded mark another milestone for SRIHER. More than 60 research projects have been undertaken with extra-mural support with grants totalling nearly 43 crores in the past year. Further, nearly 4 crores have been generated through the clinical trials division and the consultancy activities of individual departments. The Department of Environmental Health Engineering in the Faculty of Public Health has successfully completed the field data collection for the flagship research project funded by the US National Institutes of Health and the Bill Melinda Gates Foundation that merited a funding of nearly 22 crores over the last five years. The project that involves a network of more than 100 investigators across 12 institutions aims to demonstrate the health benefits of using LPG among poor pregnant women, young children and older women living in rural biomass using households across four countries. The trial results in India are expected to inform the directed expansion of the PradhanMantriUjjwala Program so that both health and the quality of life improvements can be sustained amongst the most vulnerable populations in our country.

Our faculty continue to earn important research recognitions. In 2020, Prof.Kalpana Balakrishnan, Dean (Research) was ranked among the top 2% scientists in the field of General and Internal Medicine in an independent study conducted by Stanford University. Dr.Vidya Ramkumar from the Dept. of Speech, Language and Hearing Sciences, Dr.Kirthiga from the Department of Faculty of Dental Sciences and Dr.Lakshmi Revathy from the Department of Biomedical Sciences, have been selected for the Wellcome-DBT Intermediate Fellowships that provides dedicated support for five years. Dr.Suvarna Jyothi from the Department of Psychiatry has been selected to receive the Morris Fellowship from University of California, Berkeley that provides part-tuition support to pursue the prestigious on-line MPH program offered by UC Berkeley.

Recently, SRIHER has received support from the Biotechnology Industry Research Assistance Council (BIRAC) of DBT, Govt. of India to establish the Sri Ramachandra Innovation Incubation Center (SRIIC),

a BioNest incubator to support entrepreneurs engaged in scaling health care technologies. Amongst the 500 plus Bio-incubators in the country and 60 incubators in Tamil Nadu, SRIHER is only the second medical institution to merit this recognition. SRIIC plans to focus on Clinical Validation of Medical Devices, Point of Care Diagnostic Kits, Nanotechnology and Artificial Intelligence (AI) / Machine Learning (ML) based tools in healthcare. With access to an enormous range of clinical specialties as well as basic/applied science research teams within the same campus, SRIIC hopes to catalyse and accelerate the growth of health care related start-ups by offering them all pieces of support that would be needed to validate, commercialize and scale novel products to benefit patients.

There are currently 42 functional MoUs between SRIHER and foreign/ Indian institutions/ Universities/ Industries for academic & research collaborations, with provision for students and faculty exchanges and for conducting teaching & research programs. Recent MoUs include arrangements with Glasgow University UK and IISER Tirupathi.

In order to nurture research aptitude and skills, the Chancellor has instituted student fellowship and faculty seed grants. 85 undergraduate students, 21 Ph.D. students and 58 faculty members have benefited under these schemes in 2020.

SRI RAMACHANDRA JOURNAL OF HEALTH SCIENCES

Sri Ramachandra Journal of Health Sciences (SRJHS) is a scientific journal published by SRIHER, which publishes contributions in medical and allied health sciences. The Journal is published half-yearly and submission is open to faculty and students of medical and allied health sciences from India and abroad. The editorial committee members of SRJHS are from various constituent colleges. The scope of the journal allows the publication of original research, review articles, case reports, commentary, recent advances, images in Medicine and correspondence to the editor.

The Advisors of the SRJHS are Dr. P. V. Vijayaraghavan, Vice-Chancellor, Dr. K.V. Somasundaram, Professor of Eminence & Advisor (Academic) and Dr. Kalpana Balakrishnan, Dean (Research). The Editor-in- Chief is Dr. Latha Ravichandran, Associate Dean (Education) and Editor is Dr. Sridevi Padmanabhan, Professor of Orthodontics. Its Joint editors are Prof. Narasimman Swaminathan, Vice-Principal-AHS & Dr. Emmanuel Bhaskar, Associate Dean (Research). The secretary of SRJHS is Dr. Padma Srikanth, Prof. of Microbiology.

SRI RAMACHANDRA MEDICAL CENTRE

Sri Ramachandra Medical Centre has acquired a reputation over three decades for excellence in patient care. Keeping in pace with the need of the urban and rural population, this institution has constantly upgraded its services and has added super specialties. At present, it is at the cutting edge of treatment in a number of areas, offering ambulatory as well as in-patient services. The fully air-conditioned Central Laboratory of Sri Ramachandra Medical Centre is situated at Shri. Ramasamy Udayar Block, occupying an area of about 6000 sq.feet and performing approximately 14,000 diagnostic tests per day. Most of the equipment are interfaced with the Laboratory Information System (LIS) and integrated with Hospital Information System (HIS) viewing results in the ward and other patient care areas as soon as they are released by authorized laboratory personnel. The Blood Bank, one of the largest in Asia with 10,000 Sq.ft. area provides the state of the art blood and component transfusion support to the patients.

The centre for International Patient Care Services regularly receives inpatients and outpatients in various specialties from countries like Oman, Iraq, Kuwait, Saudi, Nigeria, Tanzania, Kenya, Japan, UK, Sri Lanka, Bangladesh, Malaysia, Sudan, etc. Medical Camps were conducted at Nigeria- Portharcourt, Calabar, Lagos as a part of the extension activities of international patient services.

QUALITY SYSTEMS OF SRI RAMACHANDRA MEDICAL CENTRE

Quality Improvement and Patient Safety

The Department of Quality is responsible for implementing quality improvement activities and provides guidance and support for hospital-wide Quality improvement efforts.

Strategies framed and implemented

Revision & training of 123 policies, about 60+ case sheet forms, 11 manuals, 37 standard operating procedures as per 5th edition NABH.

- Providing feedback to all the departments about their continual improvement requirements through core team meetings.
- Ensuring maintainance of building and facility safety through continual safety rounds & CAPAs.
- Development of DVT risk assessment frame work to assess risk & prevention. 19,084 patients were assessed & all identified high risk patients were intervened as per the protocol, resulting in about 85% reduction in developed DVTs amounting to only one DVT out of 6000+ high risk patients.
- Organized patient safety, medication safety & infection control weeks to improve compliance & standardization.
- Promoting culture of patient safety – encouraging health care workers to 'Speak up'.
- Development of on-going floor wise educators & imparting training strategies with real time scenarios and medical events for newer staff resulted in reducing incidents.

- Developed patient risk score based patient nurse allocation that led to standardization and effective use of competent and skilled nursing.
- Around 35,000 catheters / year monitored for prevention of phlebitis and infiltration maintaining lowest international benchmark of 1.3% to 0.6% for 2019, 2020 & 2021.
- Analysis of each incident resulted in various educational programs, process changes, quality initiatives and improved patient safety irrespective of Covid pandemic. Total number of incidents raised and resolved with evident practices of safety culture – 835.

Improvisation in the analysis of incident reporting system

Incident Error Report Prevention (IERP) system was developed to evaluate the potential of the risk 619 training sessions were held and were attended by 4567 personal. These resulted in 5 system process changes and 9 process improvement initiatives

Awards

- WASH certificate for whole campus.
- “Healthcare Quality Control” certificate by Indian Chamber of Commerce.
- Runner up award for “Healthcare delivery” by Indian Chamber of Commerce.
- Runner up award for “Hospital of the year” by Indian Chamber of Commerce

SRI RAMACHANDRA HOSPITAL

Sri Ramachandra Hospital is a tertiary care facility with focus on clinical education of medical students. Sri Ramachandra Hospital (G Block) functions as two wings, Inpatient and Outpatient block, also houses the largest ICU in the region and state-of-the-art equipment, and offers the trainees with ample opportunities to acquire knowledge and skills from the finest doctors in the country. The hospital has excellent oncology, cardiothoracic, vascular surgery, interventional neuro-radiology, neonatology, reproductive medicine, clinical embryology, critical care and emergency services to mention a few. The hospital seamlessly integrates with the constituent faculties to provide knowledge and application of the acquired skills in practice. The outpatient department receives around 1500 patients per day. The Inpatient block has bed strength of 1790 including ICU and isolation beds. 7123 major surgeries and 58266 minor surgeries have been performed in the last year.

The hospital is one of the centre recognized by the state government to offer the Tamil Nadu comprehensive chief minister's health insurance scheme. Beneficiaries under the Tamil Nadu comprehensive chief minister's health insurance scheme for 2020-2021 are over 1553 and include Renal transplantations – 04 Cochlear implants – 2 Bone Marrow transplantation - 5

COVID – 19 : Sri Ramachandra Hospital started Fever clinic in OPD in the month of May 2020 and consultations were given exclusively for COVID and COVID suspect patients. Samples were taken for the patients who were symptomatic and patients tested positive were admitted in COVID ward and COVID ICU depending on the need. Faculty and health care workers followed all the guidelines given by Government of Tamil Nadu. Coverall and Personal Protective equipments were provided for all the employees involved in caring of COVID patients. Surgeries were done exclusively for COVID patients. Total number of OPD patients in Fever clinic – 75,950 and Total number of Inpatient COVID positive cases – 5,051

PATIENT CARE : Services including surgeries were provided for Non COVID Inpatients separately from 1st December 2020. Samples (RT-PCR) were taken for all admitted patients and they were admitted in the suspect ward initially and depending on the reports they were shifted to respective wards..

VACCINATION : Vaccination was started in the month of January 2021 for the staff of our institution and for public. Both COVISHIELD AND COVAXIN were given for faculties, staff (Nurses, Housekeeping, and other paramedical staff) and students.

AUDIT, ACADEMIC AND ADMINISTRATION COMMITTEE

The reports of the various committees Medical Records Committee, Pharmacy Committee, Infection Control Committee, Operation Room Committee, Safety Committee, Clinical Audit Committee, CPR Committee and Internal Complaints Committee were perused by the AAA Committee and action taken based on recommendations suggested. Total number of committee meetings conducted between July'2020 to June'2021 was 93.

The department of Hospital Quality assurance division in Sri Ramachandra hospital is responsible for implementing quality improvement activities and provides guidance and support for hospital – wide Quality improvement and patient safety efforts.

Strategies framed and improved

1. Implementation of NABH 5th edition: Policies and procedures were implemented based on 5th edition standards and objective elements, ABH Key process managerial and clinical indicators have been implemented and are being monitored, 73 managerial and clinical managerial indicators are being monitored for continuous quality improvement with updated international benchmarks

More than 80% compliance was found in Core and Commitment objective elements through self-assessment and gap analysis and more than 70% compliance was found in Achievement and excellence objective elements

2. COVID 19 process changes: Our adopted strategies were directed to mitigate the challenges of administration, hospital space organization, management of staff and supplies, maintenance of standard of care, and specific COVID care and ethics during this pandemic. Best managerial principles which were developed and implemented these include a) development of COVID manual and COVID-19 drills b) Formation of Death audit committee for COVID 19 patients c) building Awareness of COVID 19 through HQAD posters d) Monitoring of Key performance indicators in COVID wards and ICU e) maintenance of Negative pressure in Operating rooms

3. Overall KPI analysis from 2020 to 2021:

- Incidence of patient identification errors were reduced from July' 2020 to June' 2021 and achieved a maximum patient identification compliance of 99% which is closest to the internal benchmark. Total number of samples audited for patient Identification is 13087
- Compliance to nursing handing over between the shifts were achieved 95% and total number of samples audited are 1870
- 2429 critical values reported from July'2020 to June'2021. Out of which critical values reporting process followed for 98.7%.
