REPORT ON SEMINAR CONDUCTED BY ADrPLEXUS

- Topic: Target NExT-PG Training Module
- Date: 25/03/2023
- Main Objective:
 - 1) Introduction to ADrPLEXUS
 - 2) Introduction to NEET-PG/NEXT/USMLE/PLAB
 - 3) How to Approach PG exam

The Speaker gave brief introduction to ADrPlexus and the benefits of ADrPlexus over other PG training platforms. The said benefits included Face on interaction with Professors, Weekly Mock test and Monthly Grand Test. They provided us with Sample books and it showed why ADrPlexus is one of the best platform for PG Medical aspirants. The speakers covered about various PG exams including NEET-PG, NEXT, USMLE and PLAB. The exam pattern was discussed and he gave brief introduction on how to approach those exams. He also discussed the benefit of one exam over the other.

Personal Reflection:

ADrPlexus sounds like a great PG training platform! The benefits of having face-to-face interaction with professors, weekly mock tests, and monthly grand tests are definitely appealing. I would love to know more about this platform and how it can help me become a better doctor. I would definitely recommend this place to all PG medical aspirants. I definitely agree that students should have the opportunity to learn about the various postgraduate exams available to them. It is so important to be informed about all of the options out there and to make the best decision for oneself. I think that the speaker did a great job of explaining the exam pattern and giving a brief introduction on each exam. I definitely think

that the benefit of one exam over the other should be more clearly explained. I believe that each student should have the opportunity to learn about the exams in more detail so that they can make the best decision for their future.

The seminar was quite helpful and I would like to thank SRMC and ADrPLEXUS for organising this seminar.

THANK YOU

ALUMNI ASSOCIATION OF SRI RAMACHANDRA INSTITUTE OF HIGHER EDUCATION AND RESEARCH

EVENT REPORT

Alumni Chapter Name or Department: Department of Biochemistry

Description of the Event: The Department of Biochemistry, SRIHER conducted a Continuing medical education program: "Renaissance 2023 – An Alumni edufest". This is an annual event conducted by the alumni of the Department of Biochemistry. The event started with a formal inaugural function. The speakers for the day were the department alumni. We had a platter of lectures and panel discussions as part of the event. The topics included in the session were related to medical education, research, and career opportunities for biochemist abroad.

Venue, Place & Time: 6th of April 2023, between 9.00 am to 3.00 pm at demonstration hall 1, Department of Biochemistry, Sri Ramachandra Medical College & Research Institute.

Chief Guest/Resource Person Name:

No of Participants attended: 53 delegates were present on the day of the event.

Summary of the Event:

Department of Biochemistry, SRIHER conducted a Continuing medical education program: "Renaissance 2023 – An alumni edufest" on 6th of April 2023, between 9.00 am to 3.00 pm at demonstration hall 1, Department of Biochemistry, Sri Ramachandra Medical College & Research Institute. Faculties, and post-graduate students throughout the country registered for the CME and attended this event. 53 delegates were present on the day of the workshop. Spot registrations for participants were done from 09.00 AM to 09.30 AM.

The inauguration ceremony was held between 09.30 AM to 10.00 AM. Blessings of the Almighty were sought through the invocation song. This was followed by the SRIHER anthem. Dr. K. Sowmya, Professor, Department of Biochemistry, Associate lab director- SRLS, welcomed the gathering. Dr. S. Uma Sekar, Vice Chancellor, presented the inaugural address and wished all success of the program. Dr. K. Balaji Singh, Dean – Medical College, delivered the special address at the inauguration function. Dr. M. Ganesh, Professor, Head of the Department, delivered the special address. The vice chancellor was felicitated by Dr. M. Ganesh, Head of the department, and the Dean – Medical College was felicitated by Dr. A. Manikandan, Associate Professor, and Assistant Dean- Medical College. Dr. Leena Chand felicitated Dr. Priscilla Johnson, Professor and Head, Department of Physiology and Associate Dean – Medical College (Pre-clinical). Mr. Praveen Kumar G, tutor, the Department of Biochemistry rendered the vote of thanks. Dr. Sathya Selvarajan, Assistant Professor – Laboratory Medicine was the Master of Ceremonies. Following the inaugural address, the academic sessions started at 10.00 AM. Refreshments were provided for the participants.

Dr. Vinod A.N., Assistant Professor – Department of Biochemistry introduced the speaker Dr. Sowjanya, Professor, Narayana Medical College, Nellore. Dr. Sowjanya, delivered a talk on “Self-directed learning in Biochemistry.” After the session, the forum was open for discussion and the doubts from the audience were clarified. Dr. Santhi Silambanan, felicitated Dr. Sowjanya and awarded her a certificate of appreciation and a memento following the session.

Next, Dr. Ben S Ashok, Assistant Professor– Department of Biochemistry introduced the second speaker of the day, Dr. C.M. Prabhu Kumar, Specialist in Clinical Pathology/ Clinical Biochemistry- Government Hospital, Salmaniya Hospital, Bahrain. Dr. C.M. Prabhu Kumar delivered a talk on “Experience of SRMC alumni abroad.” Sir delivered the talk via the Google Meet platform. After the session, there was an open house discussion. Dr. K. Sowmya felicitated Dr. C.M. Prabhu Kumar with an e-certificate following the session.

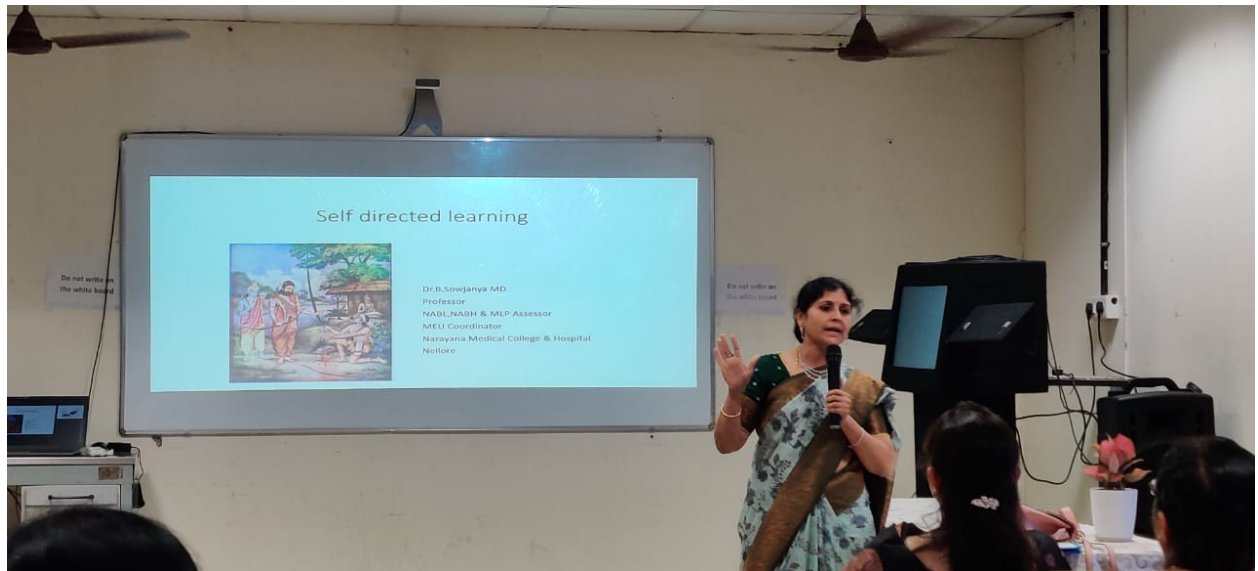

The third session was a panel discussion on “The more efficient teaching and learning method in Biochemistry: online vs classroom.” Dr. Ben. S. Ashok and Dr. Vinod A.N. moderated the session. Dr. Uma Maheswari. K, Dr. Mario Leesha Fernando, Dr. V. Veena talked about the offline mode of teaching, and Dr. K. A. Arul Senghor, Dr. Krithika. B, Dr. Vinod Babu. S spoke in favor of the offline mode. Dr. Vijaya Srinivasan, Associate Professor – Biochemistry, and Dr. Rakchna, Assistant Professor- Biochemistry felicitated the participants of the panel discussion. After the panel discussion, lunch was served to all the participants.

Following the lunch, Dr. Anjana Vinod, Senior Resident- Biochemistry, introduced, Dr. Vinod Babu S, Associate Professor, Saveetha Medical College, Chennai. Dr. Vinod Babu S delivered a talk on “Publishing an article – Pros and cons, A capsule talk”. Dr. Satish Murthi, Associate Professor- Biochemistry, felicitated the speaker after the session.

Later the program was concluded. Feedback was obtained from all participants after the session.

LOGIQUEST

Date: 19th August 2023 (Saturday), Time: 12:00 PM

Session Speaker

Dr. Tenzin Jamyang

Global Director &
Faculty for Kaplan Medical

Dr. Tenzin Jamyang is a distinguished figure in the realm of medical education and plastic surgery. With his extensive background as a Plastic Surgeon, he has not only achieved excellence in his field but also dedicated himself to guiding medical professionals through the complex journey of the USMLE and residency application process. As the Global Director of Kaplan, Dr. Jamyang brings unparalleled expertise and insights to aspiring medical professionals.

Session Highlights

Dr. Jamyang will share his insights on a wide range of topics, including strategies for success in the USMLE, navigating the intricacies of the residency application process, and shedding light on the fascinating world of plastic surgery.

- ✓ What is Residency in USA
- ✓ Difference between Indian PG V/s USA Residency
- ✓ ECFMG
- ✓ ERAS
- ✓ NRMP
- ✓ Application Process
- ✓ USMLE Exam Pattern
- ✓ Correlation of USMLE pattern with CBME curriculum
- ✓ How USMLE pattern helps in NExT exam
- ✓ Official Statistics of previous years
- ✓ Tips for successful Residency & CV Building tips
- ✓ How LogiQuest can help students prepare and get in USA

Description of the event

This insightful session organized for MBBS students of SRMC was an enlightening immersion into the USMLE pathway for Indian Medical Graduates (IMGs). The guest speaker, Dr. Tenzin Jamyang provided an all-encompassing overview of the USMLE journey.

Dr. Tenzin meticulously detailed the Match process commencing from the ECFMG application and extending to the Step 3 exam. A comprehensive timeline encompassing application submissions, Step exam schedules, interview windows, and result declarations was presented, offering students a structured approach to their USMLE preparation and application strategy.

The speaker adeptly elucidated the nuances of the Step exams, including Step 1, Step 2 CK (Clinical Knowledge), Step 2 CS (Clinical Skills), and Step 3. Each exam's format, content relevance, and its pivotal role in the residency application process were succinctly explained. The emphasis on securing commendable USMLE scores to bolster residency prospects resonated deeply with the audience, reinforcing the need for diligent preparation.

Furthermore, the session delved into interview tactics, effective communication strategies and self-presentation techniques. A data-driven revelation showcased higher odds of Indian medical graduates securing US residency positions compared to domestic placements.

A notable emphasis was placed on the significance of obtaining US clinical experience. This exposure was highlighted as a pivotal factor in enhancing residency applications and overall career prospects.

Attendees left the session armed with comprehensive knowledge, motivation, and a clear trajectory to excel in their pursuit of a successful medical career in the United States.

Conclusion

The feedback from attendees was remarkably positive. They expressed high satisfaction with the session's content, finding it extremely valuable for gaining insights into exam preparation and career guidance. Attendees reported that their questions and concerns were addressed adequately, and they found the session to be engaging and interactive. While they appreciated the coverage, some attendees expressed interest in more information on topics such as 'Tips for STEP exam preparation' and 'Ways to find good clinical experience in the US'. Suggestions for improving future sessions included delving into advanced exam strategies. Overall, the session received an excellent rating from attendees for its comprehensive and insightful content.

SRI RAMACHANDRA ALUMNI ASSOCIATION – DENTAL CHAPTER

ALUMNI LECTURE SERIES – PROGRAM REPORT

An invited lecture titled “Achieving aesthetic excellence in anterior single tooth restorations” was conducted for the interns on 14th July 2023 at lecture hall V (2.00pm-4.00pm) organized by Alumni Association Dental Chapter. Dr. Arjun. K is an undergraduate (Batch-2012) and postgraduate (Batch-2016) alumni of our institution who has been in private clinical practice since then, specialising in aesthetics. He highlighted on various materials, clinical and laboratory techniques to be carefully considered in aesthetic procedures. The session was interactive and well appreciated by all the participants.

FAREWELL AND ALUMNI INDUCTION PROGRAM

REPORT

The Alumni Committee of Sri Ramachandra Dental College & Hospital organized a Farewell & Alumni Induction Program for the outgoing CRIs on 21.11.2023 from 2pm – 4pm at the Dental College Basement Auditorium. It was attended by the Faculty and students of the Dental College. The audience was welcomed by Dr. Karthigeyan, Vice President of the Alumni Committee which was followed by a welcome dance by the new CRIs. The Dean, Prof. Dr. Tamizhchelvan delivered a memorable speech inspiring the outgoing CRIs which was followed by a goodwill speech by the Former Dean, Prof. Dr. Ravindran. Dr. Rajkumar, Secretary of the Alumni Committee briefed about the Alumni Committee giving an insight to the members, logo and the privileges of being an Alumni.

The CRIs were nostalgic as they were displayed with the batch video in accordance with the “Netflix” theme organized by the Alumni Committee. The audience was then entertained by a dance performance by I BDS students. Subsequently, the mentors and mentees were randomly involved in interactive gaming sessions. One of the I BDS students created a digital art form of the outgoing Student Council members (CRIs) as a warm gesture. The Dean, along with Prof. Dr. Naveen, Prof. Dr. S. K. Balaji and Prof. Dr. Vignesh presented the digital art to the former student council members in the presence of the I BDS student. The program was formally concluded by the official induction of the outgoing CRIs as the Alumni of Sri Ramachandra Dental College & Hospital by the Vice President, Dr. Karthigeyan. Dr. Rajkumar, Secretary, delivered the vote of thanks. The newly inducted alumni were invited for a cake cutting celebration along with the Dean and all other Faculty which was followed by photo sessions and refreshments.

REPORT-ALUMNI MEET 2023- OCT-31st

- The alumni meet was held on October 31st, 2023, around 10am- 11.30am in the Gallery Hall, ground floor of the pharmacy college. The meeting was with the passed-out students of the Batch B. Pharmacy, 2019-2023, M. Pharm- 2021-2023 and Pharm.D-2017-2023. The secretary, Dr. S. Sindhu did a Master of ceremony.
- The Dr A Jerad Suresh, Principal, welcomed the alumni students, followed by the Dr K Sujatha, the Vice principal, who addressed the students of B.Pharm, M. Pharm and the Pharm.D students.
- Dr. A. C Niranjanasree, made a presentation to the students on the alumni activities, alumni cards and detailed about the alumni awards to the gatherings.
- The interactive session was made with the students, and they gave positive feedback.
- The appreciation letter was given to the students who contributed for the “A GMP COMPLAINT MODEL OF THE MANUFACTURING SITE”.
- An appreciation letter was also given to the Model Maker C. Suresh who made the model livelier.
- Mrs. G. Nidhya, treasurer, SRFOP, mentioned a thanks to the students who were there also handled the expenses and accounts of the entire event and submitted them to the alumni association.
- The feedback form was collected from the students.
- The meeting was attended by 53 Student, it held for around 1.30hours with the interactive sessions.

ALUMNI ASSOCIATION OF SRI RAMACHANDRA INSTITUTE OF HIGHER EDUCATION AND RESEARCH

DEPARTMENT OF BIOMEDICAL SCIENCES

To celebrate 25 years of the M. Sc Human Genetics program, the department of Human Genetics has initiated an Alumni Event Series titled “HuGe” as a tribute to our large alumni network located all over the world who have made an enormous impact in their respective professions. In the second talk of the series on March 17th 2023, Dr. Birendranath Banerjee, (MSc Human Genetics, 1999-2000) Director and Head, Center for Innovation and Research in Molecular Diagnostics, inDNA Life Sciences (A DSIR Govt of India Certified Center) delivered a talk on “Telomere and Genome Integrity – A Tale of the Tails”. Ninety-five students from various Faculties and departments enthusiastically interacted with him and gained valuable insights on the current research on telomeres, the realities of pursuing research as a career in India as well as rewards of being an entrepreneur in genetic diagnostics.

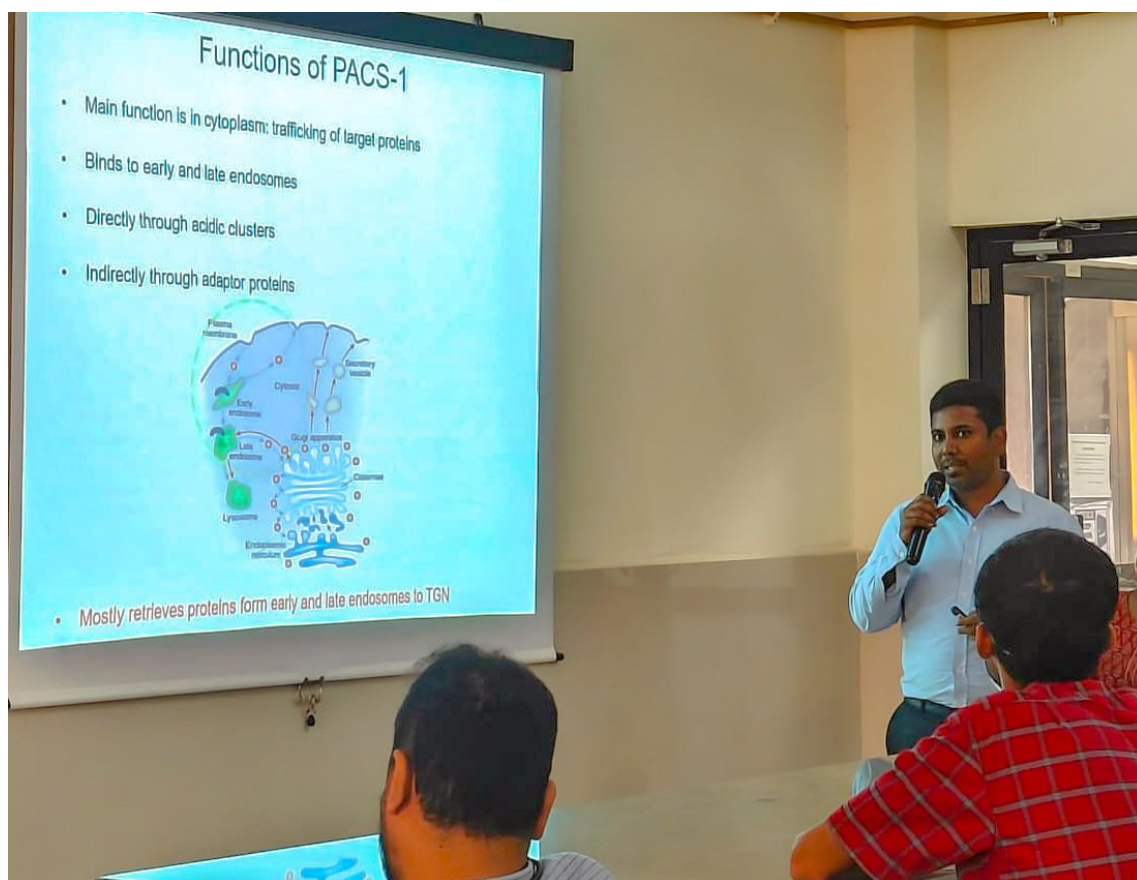

ALUMNI ASSOCIATION OF SRI RAMACHANDRA INSTITUTE OF HIGHER EDUCATION AND RESEARCH

DEPARTMENT OF BIOMEDICAL SCIENCES

On May 22nd, the department of Human Genetics was proud to welcome back our alumnus, Dr. Chinnadurai Mani who is presently an Assistant Professor (Research) at the department of Cell Biology and Biochemistry, Texas tech University Health Sciences Center, USA. Dr. Chinnadurai presented his recent Oncogene “Multi-functional protein PAC-1 maintains genomic integrity during DNA replication by regulating HDAC-3 stability” as part of the department Alumni Event Series “HuGe”. His extensive research on elucidating a novel nuclear function for phosphofurin acidic cluster sorting protein-1 (PACS-1) in maintaining chromosomal integrity was inspiring and garnered a lot of interest and questions from the audience. Dr. P. Venkatachalam, Professor and Head of the department who was also his Ph.D mentor stated that Dr. Chinnadurai was an exemplary example of how perseverance, the right kind of opportunities and deep-rooted passion for success will overcome humble beginnings!

ALUMNI ASSOCIATION OF SRI RAMACHANDRA INSTITUTE OF HIGHER EDUCATION AND RESEARCH

DEPARTMENT OF BIOMEDICAL SCIENCES

The Dept. of Biomedical Sciences organised Alumni Trail Series 2 on 29th April. **Ms. Srishti Ramanathan** (B.Sc. Hons. Biomedical Sciences 2015-2019) delivered a lecture on '**Around the world with biomedical research**'. Ms. Srishti Ramanathan was the gold medalist of her batch and is currently working as Research Assistant at Institute of Cardiovascular disease prevention(IPEK), LMU Klinikum University of Munich.

ALUMNI ASSOCIATION OF SRI RAMACHANDRA INSTITUTE OF HIGHER EDUCATION AND RESEARCH

DEPARTMENT OF BIOMEDICAL SCIENCES

To celebrate 25 years, the department of Human Genetics has started the “HuGe- Alumni Event Series” which provides a chance for students to interact and learn from the professional experience of our successful alumni. For the fourth of the series on 3rd June, an interactive webinar was organized featuring our esteemed speaker, Dr. Shruthi Mohan, who is currently a Research Associate and ClinGen Senior Bio-curator at the University of North Carolina, USA. The talk “Interpreting the Clinical Genome” was focussed on how Bio-curators were essential project members interacting with national research laboratories, taking responsibility for evaluating peer-reviewed experimental research, describing the biological function of gene products, the association of genomic variants with disease and using controlled vocabularies, ontologies and established guidelines. She also informed the audience that volunteering opportunities for the ClinGen curation activities were available that provide learners with continuing education credits.

SRI RAMACHANDRA FACULTY OF MANAGEMENT SCIENCES

ALUMNI MEET 2023

Organizer: Faculty of Management Sciences

Topic: Alumni Meet

Date: 18.03.2023

Time: 9.30 AM – 3.30 PM

No. of Alumni: 30

The alumni meet started with an invocation song seeking the blessings of the almighty. Ms.Akshaya.V MBA II year student welcomed the gathering. The students from MBA and BBA entertained alumni with cultural programs. Ms. K.N. Priya Alumni coordinator presented the milestones of SRFMS Alumni. Some notable points are the Alumni Association of SRIHER initiatives like PG and Ph.D. scholarships, community projects, and achievements of our alumni. She shared her views on the various prominent alumni visits and interactions conducted in SRFMS. Each alumni shared their experiences with our students. They shared their expertise to provide career guidance and placement opportunities in healthcare. Alumni coordinator thanked all the alumni for responding to the invitation from the department and being present for the alumni despite their busy schedules. Our Principal felicitated our alumni with a memento. Alumni provided positive feedback about the program, refreshments, and quality of food.

Glimpses of Alumni Meet 2023

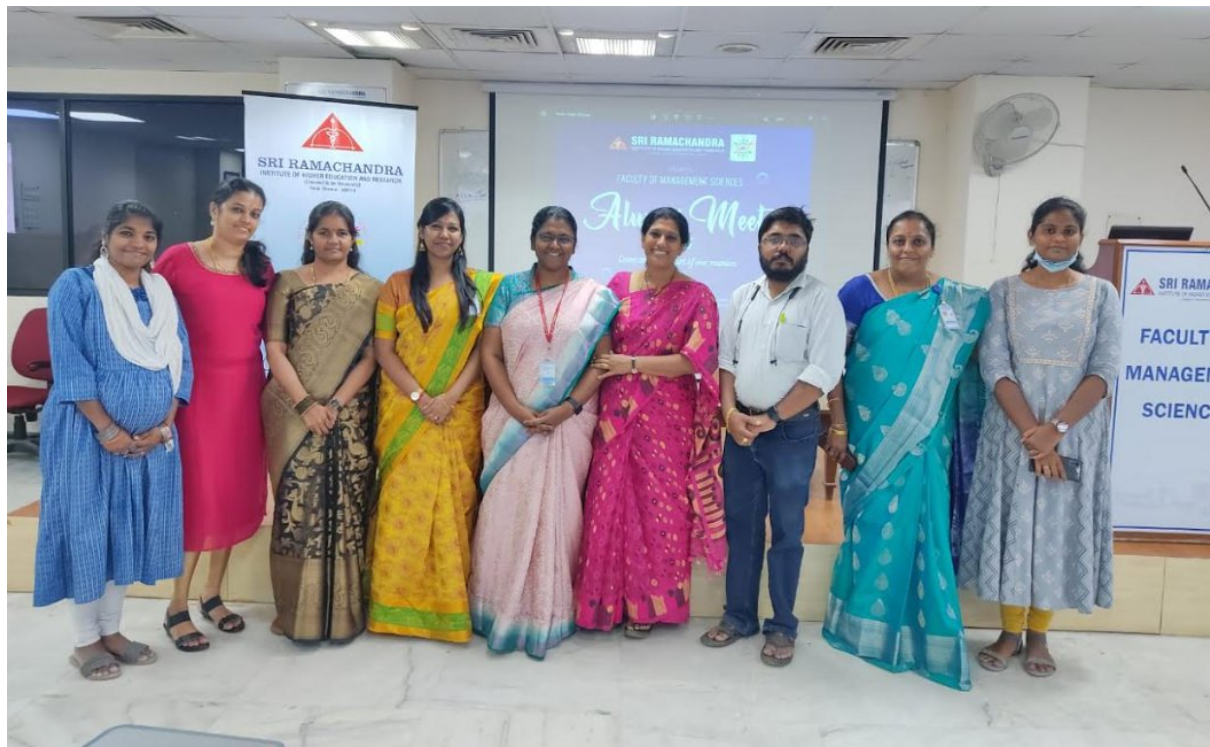

Dr.Selvam Jesiah, Principal SRFMS felicitated Ms.Harini.S MBA 2020 – 2022 for winning Business Standard Project Award 2022

As a token of appreciation, SRFMS Alumni Association given mementos to all the registered alumni.

Organizer: Faculty of Management Sciences

Topic: Quality Management in Healthcare Facilities

Date: 02.11.2023

Time: 10 AM – 11.30 AM

Guest speaker: Mr.Ahamed Sahib

Platform: Google Meet

No. of students participated: 138

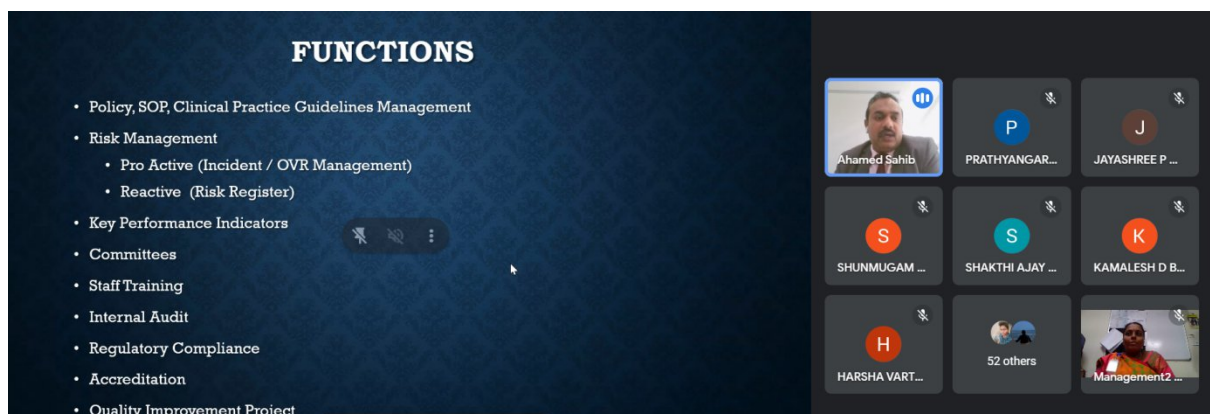

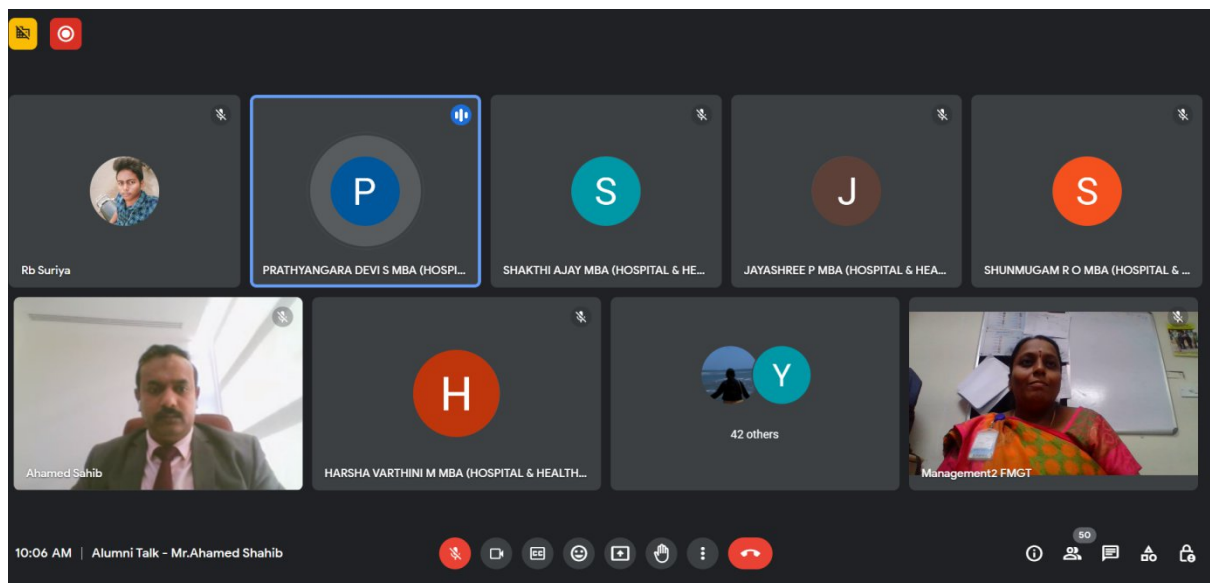

On 2nd November,2023 Mr. Ahamed Sahib, Quality Consultant, NMC Healthcare, Abudhabi and Alumnus of SRFMS, briefed the MBA and BBA students of SRFMS on the healthcare quality. .Ms.K.N.Priya Alumni coordinator welcomed the alumnus and welcomed the speaker. Mr.Prathyangara Devi of MBA II year student introduced the guest. The speaker was explaining about the standard operating procedures, risk management, Key performance indicators, the role of various committees, quality improvement tools, skills required in a hospital. The students had a good time with our alumnus and raised questions on job

opportunities in middle east. He explained all the nuances and expectations of the industry to the students.

Expected outcome

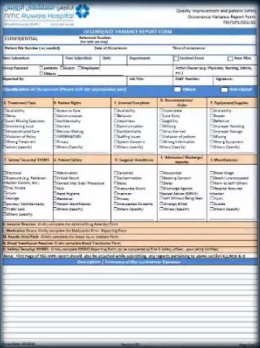

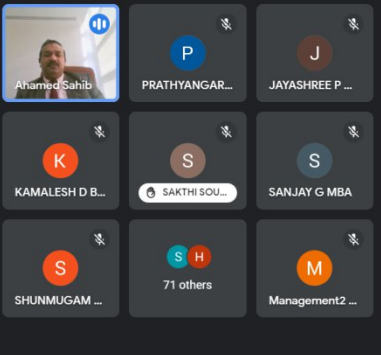

Whether attained or not: Yes (obtained feedback from students)
